We believe that ALL kids are smart!

Dear Parent,

This is an exciting moment for us at INTERNATIONAL CENTRE FOR EXCELLENCE and SEPTEMBER 21. After collaborating and planning for many years and training teachers in the *Victoria Carlton Mastery Approach* we are able to offer the children of Singapore the CREAM of tuition!

Our unique multisensory approach was developed by Victoria over many years of extensive trial and research in her Perth based centre. She has helped literally thousands of young Australians reach their academic potential and we can now offer this approach in Singapore.

Her **CREAM** (Creative/Relevant/Engaging/Active/Multisensory) approach to teaching literacy has proven results, inspires children to reach high levels, enjoy literacy teaching and develop a life-long love of reading and writing.

Our classes are called **Victoria Carlton's approach to ALL KIDS CAN READ AND WRITE** in 2010. *Jolly Phonics* & other programs materials are also used throughout the course.

We will also be conducting **Victoria Carlton's approach to EQ4 Kidz Emotional Intelligence, and Empowering Young writers workshops** in 2010. Please see attached for more information.

Victoria will be travelling from Australia to Singapore to teach the first and last lesson in the series as well as meet you to discuss your child's individual needs.

Only educators trained in the Victoria Carlton Mastery Approach will be facilitating this course and a range of exciting literature, games and teaching methods will be utilised.

This is a "boutique" approach to enrichment and as such we have small classes that will be planned to meet the needs of each and every individual child.

Enrolments are for children from K1, P1, P2, and P3.

If you have any enquiries please contact Chew Yeh at September 21 tel: 62560226 or email Victoria directly on victoriacarlton@inet.net.au

I look forward to meeting you soon!

Kind Regards

Victoria Carlton
Director, International Centre For Excellence
